www.fortesolutionsgroup.com

Forte Solutions Group, LLC (FSG) is committed to being a leader not only in the work we perform daily for our clients, but within the communities we live in as well. In support of that commitment, FSG has partnered with the United Way. In this philanthropic / community involvement endeavor, FSG has given a donation to the United Way on behalf of the company and its employees this holiday season. United Way's on-going services to people in the community, as well as its attention to those most in need, make it easy to see why financial support, both company and individual, is so important.

In addition, FSG will be rolling out a voluntary internal (employee-based) year-round giving campaign to help the United Way in each of the FSG office locations. We hope that others will join FSG by making a corporate or individual pledge to the United Way. Participation in this program will help to provide a better life for those less fortunate in our communities. To donate or for more information on the United Way, please visit: <http://www.unitedway.org>.

In the words of Winston Churchill, "We make a living by what we get, but we make a life by what we give."

About the United Way

United Way is a national network of more than 1,300 locally governed organizations that work to create lasting positive changes in communities and people's lives. Building on more than a century of service as the nation's preeminent community-based fundraiser, United Way engages the community to identify the underlying causes of the most significant local issues, develops strategies and pulls together financial and human resources to address them, and measures the results. United Way of America is the national organization dedicated to leading the United Way movement. While local United Ways tackle issues based on local needs, common focus areas include helping children and youth succeed, improving access to health care, promoting self-sufficiency, and strengthening families.

- United Way's mission is to improve lives by mobilizing the caring power of communities.
- About 1,300 local United Ways raise and invest significant resources to build strong, healthy communities.
- In 2006-07, the United Way system raised \$4.07 billion in current year support (an increase of 2.3% over 2005-2006), continuing its status as the nation's largest private charity.
