Dallas, Texas - Forte Solutions Group, LLC (FSG) announced it has signed a multi-million dollar contract with a global chemical manufacturer to support the rollout and implementation of Oracle 11i. This initiative, scheduled to be completed by January 2009, will provide the Company with a single technology instance worldwide. The overall engagement includes the implementation of 30 individual stabilization and enhancement projects.

"Forte Solutions Group's previous experience in projects similar in nature, empowered us to quickly and cost-effectively provide strategic consulting services to this engagement.", says Joe Evans, President and CEO of Forte Solutions Group. "We have been able to hit the ground running, which has translated into cost savings, in terms of time and money, for our client and has allowed our client to see immediate quantitative and qualitative results."

FSG's Initiative Management (IM) Practice engagement team is developing the strategic vision and implementation plan, which includes providing support services to the functional project teams and mentoring the company's employees in project management best practices.

FSG was selected as the provider of choice for this global strategic engagement based on company expertise and experience in managing large-scale, global projects.
